

Farmers Market Nutrition Program Stamper Information

The stamper you use to stamp FMNP checks is very important. If the stamp is correct, clear and each check is stamped properly, the check will get paid.

Stamper description:

- Self-inking
- 3/16" characters
- Eight adjustable bands (numbers)
- Individually rotate to change the stamp character
- Black ink
- Sample impression:
1 2 3 4 5 6 7 8
- The least expensive and most available stamper model is a Trodat #5558

Stamping tips:

- The first four numbers are your market number; the second four numbers are the growers ID number.
- Stamp numbers in the blank stamp box on the checks.
- Stamp checks on a flat surface to get a good stamp.
